

## **BOCA RATON RESORT & BEACH CLUB**

### **Boca Raton, Florida**

Contact: Mr. George Cheek  
LXR Luxury Resorts  
Development Office  
501 E. Camino Real  
Boca Raton, FL 33432

Construction Cost: \$ 4,000,000.00

In conjunction with the expansion of the existing Boca Raton Resort and Beach Club, an extensive dune restoration plan was developed to both mitigate for the proposed construction footprint and provide an attractive, native dune community between the hotel and beach. The Chappell Group Inc. worked with LXR Resorts to review and revise planting schemes to provide a viable and aesthetically pleasing coastal dune habitat to enhance the beach front property. The Chappell Group Inc. was responsible for all aspects of permit and plan review, as well as construction observation and field inspection of the plantings.
